CoreTech Leasing's President, Scott McFetters, to Speak at the ALA Annual Conference

McFetters will present "Mergers, Moves and Leasing," focusing on leasing as a financial strategy providing flexibility in multiple situations

Newport Beach, CA – May 4, 2016 – Independent technology and equipment lessor, [CoreTech Leasing, Inc.](#), announced today that the company is exhibiting and sponsoring at the [ALA Annual Conference in Los Angeles](#) at booth #806. CoreTech's President, Scott McFetters, will present "Mergers, Moves and Leasing" on Monday, May 23rd at 3:30 pm PST focusing on strategic flexibilities offered by leasing a firm's technology and equipment in multiple situations. The conference, held from May 22nd through May 25th, is one of the largest events of the year for the legal industry.

Law firm mergers are currently at an all-time high, with Altman Weil reporting 91 mergers in 2015 – the largest number since polling began in 2007. Acquisitions and the drive to improve profitability by reducing office space are also top concerns for law firms. Scott's session will explore how leasing is optimally suited for a world of rapid transitions, and how leasing can give firms the flexibility and quick decision making needed to implement a successful merger, acquisition or relocation.

Scott's talk is aimed toward seasoned legal administrators who need to make decisions on how to strategically procure technology and equipment while making budget, and anticipating potential needs for flexibility. Attendees will be engaged in analyzing mergers, moves and acquisitions and assessing the strategies leasing provides in acquiring state of the art equipment, hardware, services, and software implementations and upgrades. "Mergers, Moves and Leasing" will empower attendees to develop best practices and determine the best finance decision-making processes for their firms' needs.

CoreTech Leasing has been a proud, long term sponsor of the ALA Conference and Expo, which is a primary resource for legal administrators and professionals. This year's conference is expected to have an exhibition hall featuring over 200 vendors, in addition to educational tracks and sessions featuring top thought leaders from across the legal industry.

"The ALA Annual Conference and Expo is one of the most important events of the year for law firms and legal administrators," says McFetters. "We're proud to once again be part of it. I will look forward to providing law firm administrators with much-needed tools to understand how to leverage leasing as a

highly beneficial financial tool, especially for a law firm market that continues to flex and contract in a very competitive marketplace.”
